How solar rooftop leasing works:

1. Solar company installs solar panels for FREE on your rooftop.
2. You pay solar company for electricity generated by panels at rates lower than your current utility.
3. Any power used over that generated by roof comes from grid same as before.

	Solar Power Purchase Keeps Things Cool in Sunny Southern California Get Solar.com www.getsolar.com There are a lot of ways for electricity bills to run high in a place like southern California. With high temperatures year round and...

Wolverine don't care.

They live year-round in high mountain forests, wading through hundreds of miles in deep snow drifts to find territory or food. They weigh less than 40 pounds—but will fight off bears to defend a kill. They are wolverines – and WCS conservationists have found they absolutely live up to their reputation as the "winter endurance athletes of the animal world." Learn more: <http://bit.ly/tDBjgY>

November 15, 2011

The general assembly at Liberty Square was electric. Here is how it began. "They showed us their power. And we're showing them ours."

We are here because we believe a better world is possible. We are willing to endure mistreatment, if by doing so we can help re-enfranchise the 99% and reclaim our democracy from the stranglehold of Wall Street and the top one percent.

We will push back against... [See More](#)
